SCHOOL OF ENGINEERING + TECHNOLOGY
CULLOWHEE CAMPUS
MASTER OF SCIENCE IN ENGINEERING TECHNOLOGY

TECHNICAL, MANAGEMENT AND RESEARCH TRAINING FOR ENGINEERS

Offered by WCU's College of Engineering + Technology, the Master of Science in Engineering Technology combines qualitative approaches and quantitative techniques to advance your career, or prepare you for further graduate study. This Cullowhee-based, full-time program offers thesis and directed project options.

"I WAS SOMEWHAT ANXIOUS AND HESITANT ABOUT PURSUING A GRADUATE DEGREE SINCE I HAD NOT BEEN IN A CLASSROOM FOR MANY YEARS. I GAVE IT A TRY AND FOUND THE [MSET] PROGRAM TO BE A FANTASTIC EXPERIENCE. I FOUND MYSELF APPLYING A LOT OF THE SUBJECT MATTER ALMOST IMMEDIATELY AT WORK."

–DEXTER DIEPHOLZ, TUTCO – FARNAM CUSTOM PRODUCTS

PROGRAM HIGHLIGHTS

- Full-time program
- Focus on electrical, mechanical, manufacturing and quality applications
- Designed for graduates in engineering and related fields
- Assistantships available

A SAMPLE OF TOPICS COVERED

- Automation Systems
- Quality Control and Management
- Advanced Digital Signal Processing
- Applied Research Methods and Experimental Design

To learn more about this program, attend one of our monthly open house events or visit us at mset.wcu.edu
