

What can I do with a degree in... **ENGLISH?**

What is **ENGLISH?**

In today's "high-text" careers, those who get ahead have mastered critical thinking and clear communication. They have creativity, passion, and vision. At WCU, when you study English, you will be joining one of the most vibrant programs at the university, where our students and faculty engage in the life of the mind and yet are committed to putting ideas into action.

The Department of English offers exciting courses that will help you see the connection between academics and a successful and meaningful life beyond the classroom.

What are the **DEGREE OPTIONS?**

You will graduate with a **B.A. in English** (please see the Education Major Map for information regarding the B.S. Ed in English option.) Students in English choose a concentration, which appears on the official transcript, and a required minor or a second major. A minor or second major is a great way to expand your knowledge base and build career-ready skills.

What are the **CONCENTRATIONS?**

- **Literature:** Literature majors receive an extensive background in English and American literature, and are offered numerous upper-division courses concentrating on African-American writings, Post-Colonial authors, gender and literature, Appalachian and Southern literature, poetry, novels, short stories, and modern drama. Majors also become familiar with several critical approaches to literary texts, understanding and employing literary theory to illuminate works across and outside the canon.

- **Motion Pictures Studies:** Motion picture studies combine the verbal and written skills of an English degree with media literacy. Film screenings, visiting filmmakers, interdisciplinary opportunities, a low student-faculty ratio, classes with film scholars, and an opportunity to take screenwriting and production courses provide a stimulating and enriching educational environment.

- **Professional Writing:** Like all English majors, students concentrating in professional writing are sharp critical and creative thinkers. As a professional writing student, you'll hone your writing skills and learn to adapt to the changing demands of various fields.

- **English Studies Pedagogy:** In addition to serving as the customary choice for students pursuing our dual degree program for licensed teachers, the English concentration in English Studies Pedagogy also is available as a free standing concentration that provides students with great options if they wish to take a non-licensure path towards a teaching-related career. Students in this concentration may also complete the requirements for the TESOL minor in the context of the major.

What is the **ADMISSION PROCESS?**

Students declare an English major with the Advising Center, 2nd floor of Killian Annex. Please make an appointment with your advisor.

What **JOBS ARE AVAILABLE?**

Our graduates pursue a variety of careers including creative and technical writers, film and screen writers, editors and publishers, researchers and educators, advertising and marketing professionals, non-profit coordinators and managers, librarians, linguistic professionals, and more. NOTE: Some professions may require an advanced degree.

Who employs **ENGLISH** graduates?

Our graduates work in a variety of industrial sectors including non-profits; school systems; publishing companies; higher education institutions; magazine, newspaper, and broadcast companies; advertising firms; law firms, software development companies, and more.
